Eolus is part of Givewatts Christmas fundraiser for 2017. Our contribution goes to solar lights in a project in Malindi, Kenya.

Through Eolus participation:

300 people – 60 families will get access to clean energy (through schools).

Better opportunities to study for at least 60 students.

Savings of 1,400 SEK per family and year which is about 10-40 percent of the family expenses.

In conjunction with Eolus Annual General Meeting in Hässleholm on January 27th 2018 we will arrange a wind power seminar with interesting speakers and exhibitors.

Mark Saturday January 27th in your calendar.
